

MOHAMED ZAMEER

Associate Information Technology & Digital Officer

Colombo, Sri Lanka | +94 (75) 269 2111 | bkzameer@gmail.com | [linkedin.com/in/bk-mohamed-zameer](https://www.linkedin.com/in/bk-mohamed-zameer)

PROFESSIONAL SUMMARY

IT and Digital professional with 4+ years of experience across web development, IT operations, and content creation. Built a strong foundation in e-commerce at Daraz (Alibaba Group), contributing to platform UI/UX improvements and regional UAT coordination. Currently working in the financial services sector managing IT infrastructure, vendor relations, KYC operations, and day-to-day digital activities. Equally comfortable handling technical issues and creative work. Currently completing a BSc (Hons) in Computing at Wrexham University.

EXPERIENCE

CT Smith Securities (Pvt) Ltd

Associate Information Technology & Digital Officer

May 2025 – Present

- Managed the end-to-end KYC process, reviewing client applications, verifying supporting documents, and authenticating users via video calls.
- Assisted clients with account creation, guided them through onboarding, and resolved technical issues directly.
- Coordinated with third-party vendors on domain and DNS management, Google Workspace administration, and endpoint security.
- Maintained the company website and handled internal IT hardware and network issues.
- Conceptualized shoot locations, directed setups, and handled full production of business podcast episodes including shooting and editing.
- Designed all company promotional materials including posters, flyers, and digital assets using Adobe tools.
- Managed company social media end to end, covering content planning, designing, scheduling, and posting.
- Maintained corporate documentation and handled daily data entry and operational reporting.

CT Smith Asset Management (Pvt) Ltd

Associate Information Technology & Digital Officer

October 2024 – May 2025

- Maintained and optimized the company website and corporate social media platforms.
- Coordinated with third-party hosting providers and software vendors to implement system enhancements and resolve technical issues.
- Designed promotional materials including posters, flyers, and leaflets for business use.
- Managed backend system approvals and supported internal IT hardware and network troubleshooting.
- Assisted in preparing and conducting IT infrastructure audits.
- Reviewed company documents and reports to ensure alignment with internal formatting and quality standards.

Daraz (Alibaba Group)

Assistant Manager

March 2023 – February 2024

- Oversaw modifications to the website and app in alignment with company requirements, resulting in a 20% improvement in user engagement and a 15% increase in overall functionality efficiency.
- Led the monitoring and tracking of UI/UX performance on the Daraz platform, implementing improvements to enhance user engagement and satisfaction.
- Performed daily analysis of over 10 modules and assets on the Daraz homepage, identifying opportunities for optimization and taking action to ensure platform efficiency and effectiveness.
- Strengthened collaboration among relevant teams and facilitated data-driven decision-making to advance continuous enhancements and innovation on the website
- Collaborated with regional teams to coordinate User Acceptance Testing (UAT) and onsite project initiatives, resulting in a 10% increase in operational efficiency.

On-Site Executive

February 2022 – May 2023

- Created and managed mega sale campaigns including 11.11, Avurudu, and seasonal promotions, consistently meeting client and management satisfaction targets.
- Collaborated with Design and Merchandising teams to plan and execute campaigns, driving engagement and conversions on the platform.
- Analysed weekly campaign performance, identifying areas for improvement and implementing solutions to improve effectiveness.
- Built and published campaign and promotional pages within the Daraz CMS, working from designer mockups and internal templates to match required layouts.
- Successfully maintained an 80% CTR on the Daraz homepage, optimising user engagement and platform visibility.

NetBees Consulting (Pvt) Ltd

Software Developer

August 2021 – February 2022

- Managed E-commerce Websites: Indochina.lk, Findfast.lk, and booking portal CityBook.LK.
- Developed and maintained multiple WordPress websites for national and international clients, using Elementor for efficient template edits and applying SEO strategies to boost visibility.
- Successfully customized front-end components in ongoing projects, ensuring alignment with client requirements and industry standards.
- Designed logos, banners, and marketing images to support branding initiatives and promotional campaigns, enhancing brand identity and engagement.

Intern Web & Mobile Developer

December 2020 – June 2021

- Implemented modifications to enhance the user interface and functionality of the company's WordPress-based website, contributing to its overall improvement and usability.
- Built a mobile application for an existing website using React Native WebView, ensuring seamless integration and smooth user interactions.
- Developed and tested web pages using HTML, CSS, and PHP to ensure functionality and user experience met standards.
